

Request for Information

DATE: 10/19/2009
TO: ILLINOIS FOP LODGES
FROM: TED STREET, PRESIDENT
SUBJECT: LODGE MEETINGS AND MEMBER CONTACT INFORMATION

The ILFOP is expanding our member outreach and we need your help! Please send us any information you have on your upcoming meetings, events and fundraisers and we will be happy to post the information on our website, Facebook and Twitter.

We are also looking for new ways to get state and national information to our members in a more effective and timely manner. With the veto session just around the corner and important ILFOP legislation on the agenda, we would appreciate it if you would ask your members if you could send us a contact list that includes their e-mail addresses. We will be launching electronic newsletters and electronic legislative updates very soon and would like to be able to reach as many of our Illinois FOP members as possible. **We will not sell or share this information with any other persons, businesses or organizations.**

We are also asking that you e-mail us a copy of your most updated lodge bylaws, either as a Word document attachment or a PDF attachment.

We have recently launched a Facebook group and a Twitter page in addition to the redesign of the ILFOP website. Please inform your members of these other information outlets.

Website: www.ilfop.org
